

## Duplex Colour Network Scanner

# *fi-6000NS*

25 pages per minute duplex colour scanning

Auto colour detection, blank page deletion,  
& auto image quality adjustment

50 page ADF with support for scanning  
embossed cards & up to 34" long documents

Large 8.4" colour touch screen with image  
preview & editing features

Small foot print, turnkey network scanning  
solution

1 year Warranty Plus Exchange

**FUJITSU**

THE POSSIBILITIES ARE INFINITE

# fi-6000NS

The simple to use network scanner for sharing documents in today's multi-location environment.

## Compact and powerful

The Fujitsu fi-6000NS Network Scanner is the first scanner that combines the intuitive, easy installation of a network scanner and the productivity of a document scanner.

With built-in ultrasonic double feed detection and a scanning speed of 25 pages per minute (50 images per minute) in colour and B/W, the fi-6000NS provides exceptional handling of various document types from embossed cards to letter or legal size paper. Long document scanning is also supported (up to 34" long, 8.5" wide).

With a compact footprint of only 12.4" x 16.3", the fi-6000NS can be used in most crowded environments, including front office and back office locations.

The compact size is not the only reason the fi-6000NS saves space. With its scan to email, scan to network folder and scan to network fax server support, the fi-6000NS saves space and overhead by eliminating printers and fax machines that are no longer needed.

## Share your documents with simplicity

The fi-6000NS provides the comfort of previewing and enhancing your scanned images on the built-in colour touch-screen prior to actually sending them. The built-in 101 keyboard provides an efficient way to type email addresses and messages to maximize user productivity.

Features such as auto cropping, colour detection, blank page deletion and page orientation allow you to scan colour documents, B/W documents, single-sided documents, double-sided documents, landscape documents, portrait documents and pages of different sizes ... all in the same batch.

Empower your department to scan and share documents simply and quickly with the indispensable fi-6000NS.

## TECHNICAL SPECIFICATIONS

<b>Scanner type</b>		ADF (Automatic Document Feeder) network scanner
<b>Scanning modes</b>		Simplex / Duplex; Colour / Monochrome / Automatic
<b>Image sensor type</b>		Dual colour CCDs (Charged Coupled Device)
<b>Light source</b>		White cold cathode discharge lamp
<b>Scanning range</b>	<i>Minimum</i>	2.0" x 2.9"
	<i>Maximum</i>	8.5" x 14.0" (Up to 34" in long document mode)
<b>Paper weight (Thickness)</b>		13.9 to 34.0 lb
<b>Scanning speed<sup>1</sup> (Letter, Portrait, 200 dpi)</b>		25 ppm / 50 ipm (colour <sup>2</sup> or monochrome)
<b>Paper chute capacity</b>		Max. 50 sheets (20 lb), active loadability
<b>Optical resolution</b>		600 dpi
<b>Output resolution<sup>3</sup></b>		50 to 600 dpi (adjustable by 1 dpi increments)
<b>Output methods</b>		Email attachment, send as fax, save to network folder
<b>File format outputs</b>		TIFF, MTIFF, JPEG, PDF, Searchable PDF (English only), Password protected PDF
<b>Authentication system requirement<sup>4</sup></b>		LDAP required for multi-user login authentication • Windows 2000 Server Active Directory • Windows Server 2003 Active Server
<b>Scan to fax server system requirement</b>		RightFax Business Server by Captaris
<b>Network interface</b>		10Base-T, 100Base-TX
<b>Network protocols</b>		TCP/IP, DHCP, SMTP, SMB, LDAP, SNMP
<b>Language support</b>		English only ( <i>not for resale in Quebec</i> )
<b>Voltage or voltage range</b>		AC 100 to 240 V, +/-10%
<b>Power</b>	<i>Operating</i>	88 watts or less
	<i>Sleep mode</i>	Less than 10 watts
<b>Operational environment</b>	<i>Temperature</i>	5°C to 35°C (42°F to 95°F)
	<i>Relative humidity</i>	20% to 80% (non-condensing)
<b>Dimensions (W x D x H)</b>		315 mm x 415 mm x 281 mm (12.4" x 16.3" x 11.1")
<b>Weight</b>		13 kg (29 lb)
<b>Environmental compatibility</b>		RoHS
<b>Automatic image processing</b>		Auto deskew, auto page orientation, auto cropping, blank page detection, colour/monochrome detection
<b>Display</b>	<i>LCD</i>	8.4" XGA (1024 x 768 pixel) TFT colour display
	<i>Touch panel</i>	Analog resistive touch display
<b>Keyboard</b>		US 101 keyboard
<b>Other</b>	<i>Multi-feed detection</i>	Standard; Ultrasonic multi-feed detection sensor
	<i>Long page scan</i>	Maximum 863 mm (34")

## CONSUMABLES

<b>Pad assembly (PA03289-0111)</b>	Lifetime: Every 50,000 sheets or one year These rubber parts separate documents
<b>Pick roller (PA03289-0001)</b>	Lifetime: Every 100,000 sheets or one year These rollers feed documents into scanner
<b>ScanAid kit (CG01000-507001)</b>	Includes: 2 pad assemblies, 1 pick roller, and 1 cleaning kit

## SERVICE OPTIONS

<b>Post warranty maintenance coverage</b>	Provides post warranty remedial maintenance
---	---

## BUNDLED ITEMS

	AC adapter, AC cable, Ethernet cable, Getting started manual
